Theme of the Month: SHARING

Dear Parent,

Sharing isn't always easy, because sharing is about giving something to somebody and making a sacrifice. Children often have a hard time understanding this because they don't understand how important it is to share. If you have more than one child, you know how difficult it can be for children to share. All month we're going to be focusing on the theme of sharing. Your child will come to understand that sharing is not just about sacrificing or giving something up, but it can also include sharing your feelings or sharing an experience with people, which can make you feel really great! Encourage your child to look on the bright side of sharing and share as much as you can with them to help them get the message in this holiday season: sharing is caring!

Student Activity

What special gift would you share with her? Draw a picture of your mother's new gift.
